6. All goods shall be delivered on Euro-pallets, unless otherwise specified (one-way pallets- and broken pallets will not be accepted). Trucks have to be qualified for platform unloading. Deliveries on chemical pallets depending our prior consultation.
7. For direct deliveries of materials or raw materials (at supply) of a supplier to Weckerle Cosmetics the entrance of the delivery note at the department SCM must arrive in a narrow time frame (fax number see point 5).
8. Unless otherwise specified only unmixed pallets are accepted. Mixed pallets depending on prior consultation (usually only for redeliveries, remaining material). In the case of deliveries of mixed pallets every carton must be urgently labelled with the content (article number, name, and amount). The note of pallets contains a total overview about every carton with the article number, name and amounts. Per carton a readable label or a readable print with the data specified in point 4 must be present. The Weckerle article number must be additionally printed as bar code on the label/transport packaging.
9. By delivery on euro-pallets, pallets will be changed one by one (same quantity and same condition). Weckerle Cosmetics will keep a pallet account to guarantee later changes if there is a shortage of pallets during delivery time.
